Construction to begin on Junction of ND Highway 16 and Interstate 94

Construction work begins Monday, June 27, on the Junction of ND Highway 16 and Interstate 94 near Beach. Work consists of overlay and maintenance work to the bridge.

During construction:

- Speeds will be reduced on ND Hwy. 16.
- Width restriction of 12 feet will be in place.
- Flaggers will be present and pilot cars will be used.
- Motorists may experience brief delays.
- Traffic signals will be used on the bridge at times.
- Fresh oil may be present on the roadway.
- Motorists should be aware of trucks entering and exiting the work zone.

This project is expected to be completed by mid-August.

Rear end crashes are the most common in work zones. Motorists are encouraged to slow down, allow extra distance between their vehicles and the vehicle in front of them, use caution, and obey flaggers and posted signs.
